The use of affirming language inspires hope.

LANGUAGE MATTERS.

Words have power.

PEOPLE FIRST.

The PTTC Network uses affirming language to promote the application of evidence-based and culturally informed practices.

PTTC

Learning Objectives/Agenda

Welcome! Today we will...

1. Review commonly used grant terminology
2. Discuss how and where to find grant opportunities appropriate for your organization
3. Review next steps when finding an application that is of interest

Central East (HHS Region 3)

PTTC

I. Common Grant Terminology

Central East (HHS Region 3)

PTTC

I. Common Grant Terminology

Grant terminology can be intimidating at first

- Grant terms can be specific to different agencies, grant lines, and/or year of grant notice
- It is important to familiarize yourself with grant terminology **BEFORE** you decide to apply for a grant
- Some of the most common terms used in federal grants may be found here:

<https://www.grants.gov/learn-grants/grant-terminology.html>

<https://www.samhsa.gov/grants/grants-glossary>

<https://www.cdc.gov/grants/dictionary/index.html>

Central East (HHS Region 3)

PTTC

I. Common Grant Terminology

| Term | Explanation |
|--|---|
| Authorized Organization/ Fiscal Agent | The agency that will oversee and authorize all budget expenditures. |
| Budget Narrative | A line-item description of your expected expenditures. |
| Fiscal Year | The awarding agency's fiscal year. |
| Community Overview | A description of the community to be served. |
| Demonstration of Need | A description of why your community should be funded to address the issues you have identified. |

I. Common Grant Terminology

| Term | Explanation |
|---------------------------|---|
| Inclusion | The practice and belief that all groups should have equal access to opportunities and resources. |
| Health Disparities | Health disparities are preventable differences in the burden of disease, injury, violence, or in opportunities to achieve optimal health experienced by socially disadvantaged racial, ethnic, and other population groups, and communities.* |
| Goals | Your broad intent for an initiative – e.g., “To make the community a healthy place for youth to grow up.” |
| Objectives | The specific, measurable steps you will take to reach your goal – e.g., “By 2023, reduce the community risk factor of laws and norms favorable to drug use by 2% as measured by the CLYDE Survey.” |

I. Common Grant Terminology

The use of acronyms is very common in the grant world

- While acronyms allow brevity, they often leave readers unclear or frustrated
- Fortunately, there are many standard acronyms used across the field of prevention, regardless of funding source
- In all cases, check the end of the grant announcements you are interested in for a glossary of terms

I. Common Grant Terminology

Some of the most common acronyms you will find:

| Acronym | Meaning |
|---------|--|
| RFP | Request for Proposals |
| FOA | Funding Opportunity Announcement |
| RFA | Request for Funding Applications |
| NOFO | Notice of Funding Opportunity |
| AOR | Authorized Organization Representative |
| FY | Fiscal Year |
| GPRA | Government Performance and Results Modernization Act |
| SAM | System for Award Management |

| Acronym | Meaning |
|------------------|--|
| DMP | Data Management Plan |
| DIS | Disparities Impact Statement |
| PII | Personally Identifiable Information |
| IRB | Institutional Review Board |
| SF-424 | Standard Forms-424 |
| ATOD | Alcohol, Tobacco, and Other Drugs |
| SMART Objectives | <u>S</u> pecific, <u>M</u> easurable, <u>A</u> chievable, <u>R</u> elevant, and <u>T</u> ime-bound |

II. Where to Find Opportunities

Grant announcements are released at different times by different agencies

- Most specific grant lines (e.g., Drug-Free Communities) are released around the same time each year
- However, each agency may have its own fiscal cycle that determines when grants are available
- It is essential to:
 - Check grant websites regularly
 - Network with others in the field to find opportunities
 - Sign up for grant announcements (grants.gov example below)

Registering with Grants.gov

One account to manage all your profiles, applications, and subscriptions.

Applicants

1. Complete the **required form fields**.
2. **Confirm** your email address.
3. **Add** an organization applicant profile or an individual applicant profile after registering.

Learn more on the [Applicant Registration page](#).

II. Where to Find Opportunities

Specific sites to use include:

- Grants.gov (<https://www.grants.gov/>)
 - This is THE repository for federal assistance
 - Account creation is required
 - You may search by agency, keyword, year, etc.
- State-level portals (<https://grantsmanagement.ny.gov/>)
- Foundations
 - Sign up for grant announcements
 - Check grant websites regularly
 - Network with others in the field to find foundations
 - Many local libraries/universities have directories

Central East (HHS Region 3)

PTTC

II. Where to Find Opportunities

When searching available opportunities, please keep the following in mind:

- Grant announcements are usually released as a “grant application package” – especially on grants.gov
- Grant application packages may contain many documents – almost all of which are necessary only if you are applying
- First, check the announcement for an overview of the grant program and eligibility requirements

III. Determining Eligibility

Before applying for a grant, it is essential that you determine your organization's eligibility

- Eligibility requirements can vary greatly across different grant lines, funding agencies, and grant years
- If you do not meet all eligibility requirements, your application will not be reviewed
- Some eligibility requirements will necessitate support from community partners
- In short...

ALWAYS REMEMBER TO PLAN AHEAD

Central East (HHS Region 3)

PTTC

III. Determining Eligibility

Common eligibility requirements include...

- Agency/organization established for a certain period of time
- Demonstrated experience in managing finances
- Showing specific data to demonstrate need
- Required geography to be covered (e.g., rural or tribal grants)
- Required demographic characteristics (e.g., poverty reduction grants)
- Previous work with grant-related populations (e.g., LGBTQ+, etc.)

III. Determining Eligibility

Some practical examples

- Drug-Free Communities Program – coalitions must have a representative from each of the program’s defined 12 community sectors
 - Strategic Prevention Framework – Partnerships for Success Grant – applicants must not have received funding under a specific set of other SAMHSA grants
 - SAMHSA Treatment Drug Courts – state, local, and tribal governments are the only eligible applicants
-
- First step in all cases – search the request for proposal for “eligibility” and ensure you are eligible for awards

IV. What Comes Next?

After you are sure your organization meets grant requirements and you have decided to apply, it is time to:

- Form a grant response team and designate a team lead – writing a grant alone or with limited help is *very* difficult
- Assign tasks by grant section or another manageable division of the grant response
- Begin systematically collecting data as required for the grant
- Reach out to potential partners, including a fiscal agent if you are not a 501(c)3 organization
- Explore all this and more in the next session: *Getting Your Grant Application Started*, on Tuesday, January 16, 2024
