

Enhanced Prevention Learning Series (EPLS): Prevention Ethics

EPLS Prevention Ethics Overview

This distance learning series offers a unique interactive experience that explores the six principles of the Prevention Code of Ethics using realistic examples designed to strengthen participants' abilities to manage challenging situations in their work. The learning series is structured to also provide online consultation, skill-based learning and practice, group and individual activities, reading assignments, and discussion on topics essential to application of an ethical decision-making process.

During this Enhanced Prevention Learning Series, participants will:

1. Define Ethics and related terms.
2. Describe the six principles in the Prevention Code of Ethics.
3. Use an ethical decision-making process to apply the Prevention Code of Ethics.

Facilitator

Pam Tindall, C.P.P., has dedicated more than twenty years to the field of substance misuse prevention, consulting in all 50 U.S. states and across urban, rural, frontier, Alaska Native, American Indian, and Pacific Island communities. Her range of work has included community substance misuse prevention program development, strategic planning, evaluation, prevention workforce development, K-12 prevention education and student assistance, school drop-out prevention, and inpatient and outpatient drug treatment. She is a certified prevention professional.
