COURSE DESCRIPTION:

The National CLAS Standards are intended to advance health equity, improve quality, and help eliminate health care disparities. This webinar will discuss how health care organizations need to ensure that awareness, adoption, and implementation of the National CLAS Standards are incorporated to have a more inclusive definition of culture in order to better serve the military community.

To familiarize yourself with the CLAS Standards, please watch our Intro webinar prior to joining us on this webinar: [CLAS in BH 101](#)

PARTICIPANTS WILL LEARN:

- The structure and major components of the U.S. military
- Common characteristics of the military population and its distinct culture
- Elements of the military experience and lifestyle that are integral to military culture
- Using CLAS to inform a person-centered approach to military consumers and their families

WHO SHOULD ATTEND?

Behavioral Health care professionals and advocates interested in improving cultural competence and humility in the delivery of behavioral health.
