

Listening Session and Strategic Discussion Series:

Emerging Issues Around COVID-19 and Social Determinants of Health
for the Substance Use Prevention, Treatment and Recovery Workforces

How COVID-19 is differentially impacting substance use prevention, treatment and recovery in communities of color and/or underserved communities: How can we address this?

Wrap-up Session: Racial equity and health disparities in the age of COVID-19: What new strategies are needed to support the SU prevention, treatment and recovery workforce serving communities of color and/or underserved communities?

May 12, 2020: 2-3pm ET

Facilitators: Holly Hagle, Ph.D. & Nicole Augustine, MPH, MCHES, CPS

Panelists: Alex Barajas Muñoz, PhD; Larke Nahme Huang, PhD; Diana Kramer, MA;
and LaShonda Williamson-Jennings, MEd, CPS

Community Agreements

Please note: To create a safe and secure Zoom space, we will not be able to share participants video during this webinar.

In the chat: Please say hello and include your name, role, organization, and community identity *“I am speaking from the experience as an...”*

Comments and Questions: You may use chat throughout for any comments and questions and our team will respond.

Emergency Policy: *Due to recent challenges with Zoom security, if there is criminal or vile activity that appears on the screen, we will immediately close the session and follow-up with additional resources or instructions. We will not re-open the session.*

The use of affirming language inspires hope and advances recovery.

LANGUAGE MATTERS.

Words have power.

PEOPLE FIRST.

The ATTC Network uses affirming language to promote the promises of recovery by advancing evidence-based and culturally informed practices.

Agenda

5 minutes: Introductions and brief overview of session.

10 minutes: Panelists will provide 1-2-minute recap of sessions.

10 minutes: Panelists will share overlapping themes and strategies.

20 minutes: Everyone will engage around strategies to support the SU prevention, treatment and recovery workforce serving communities of color and/or underserved communities.

5 minutes: Wrap-up and identify next steps.

Post-series: Share recording, notes of key themes/answers to key questions, and any tools/resources.

Everyone is encouraged to engage using chat throughout.

Facilitators

Holly Hagle, Ph.D.

Nicole M Augustine, MPH, MCHES, CPS

Southwest Prevention
Technology Transfer Center

Panelist Responses

Provide a 1-2-minute recap from your session:

- April 28: Health disparities and the impact of COVID-19 on African American and black communities
- April 30: Strategies to support the LatinX communities
- May 5: American Indian/Alaska Native communities: Trauma-responsive approaches to support the communities
- May 7: Asian-American Native Hawaiian, and Pacific Islander communities and addressing stigma

*Participants: Please share experiences in chat.
What did you hear/learn during the sessions you attended?*

Overlapping Themes

What were some common threads you heard across discussions?

Participants share in chat: Where did you hear concerns from your community echoed in other community discussions?

Strategies

What new strategies are needed to support the substance use prevention, treatment and recovery workforce serving communities of color and/or underserved communities?

Participants share in chat: What can we do right now to support our communities?

Lightning Round

- Please share one key message of hope about how to build a system that supports communities of color and/or underserved communities.
