The HHS Region 2 Northeast and Caribbean Prevention Technology Transfer Center presents

## The Northeast and Caribbean Prevention Technology Transfer Center Kicks Off National Prevention Week: Meet and Greet

Monday, May 10, 2021, 12-12:30 pm EST

It's National Prevention Week and what better way to celebrate than to get to know your friendly, regional Prevention Technology Transfer Center? The Northeast and Caribbean PTTC provides training and technical assistance services to the substance misuse prevention field in the U.S. Virgin Islands, Puerto Rico, New York and New Jersey to improve implementation and delivery of effective interventions. We invite you to join us for lunch (12-12:30pm) on Monday, May 10th, to meet our staff, hear about our past efforts and learn how we can support your work in three of the most critical areas of prevention (and more!).
