

Northeast & Caribbean (HHS Region 2)

PTTC

Prevention Technology Transfer Center Network
Funded by Substance Abuse and Mental Health Services Administration

The HHS Region 2 Northeast and Caribbean Prevention Technology Transfer Center (NeC-PTTC) presents

Impact of Stimulant Use on the Brain and the Body
(webinar)

Tuesday, May 4th, 12:00PM - 2:00PM

Course Description: In 2020, the ATTC Stimulant Workgroup released a day long curriculum on Stimulants and their Impact on Brain & Behavior. This two-hour webinar will combine parts of that curriculum to address “Stimulants: What are They and Who Uses Them” and “Stimulants: Impact on the Brain and Body”. It will include information on secondary and tertiary prevention.

Goals:

1. Introduce the topic of stimulants and look at who is using them
2. Review some basic information about cocaine and methamphetamines
3. Review the basics of the brain and neurochemistry, especially how it affects adolescents

Cost: Free

Trainer: Mary McCarty-Arias

Credits: This training meets the requirements for two renewal hours (CASAC, CPP, CPS) and two initial hours (CPP, CPS) through New York State’s Office of Addiction Services and Supports (NYS OASAS). The NJ Department of Mental Health and Addiction Services offers reciprocity for CADC, LCADC, and LPC.

Participants must attend the session in its entirety to receive a Certificate of Completion.
