

## Enhanced Prevention Learning Series

### *Getting Ready for Sustainability Planning*

#### Series Description

This 7-week distance learning series offers an interactive experience for participants to explore how to develop a sustainability plan. Sustainability planning is an intentional process of looking critically at your current prevention infrastructure, strategic planning process, and strategies to sustain meaningful prevention outcomes beyond current funding. Additional steps in sustainability planning include priority setting, resource and feasibility analysis, communication planning, and resource and grant development.

The trainer will demonstrate how to use a set of tools to facilitate sustainability planning with community partners and will coach participants to set actionable steps and timelines to complete a plan over the next year. The distance learning series will include skill-based learning opportunities, individual and group activities, reading assignments, and group discussion.

#### Audience

Prevention practitioners, coalition coordinators, and allied partners working to prevent substance misuse in communities and tribes located in Northwest Prevention Technology Transfer Center HHS Region 10: Alaska, Idaho, Oregon and Washington. Prevention professionals interested in this course but who work outside of Region 10 are encouraged to contact their region's PTTC to learn what opportunities for similar courses are available to them.

#### Session Dates

Session 1- May 12, 2021  
Session 2- May 19, 2021  
Session 3- May 26, 2021  
Session 4- June 02, 2021  
Session 5- June 09, 2021  
Session 6- June 16, 2021  
Session 7- June 23, 2021

#### Session Time

10:00 am – 11:30 am Alaska  
11:00 am – 12:30 pm Pacific  
12:00 pm – 01:30 pm Mountain

## Trainer

**Kris Gabrielsen, MPH**, has worked in substance misuse prevention nearly 30 years. She served as the Associate Director of the Western Center for the Application of Prevention Technologies (CAPT), co-authored the first Substance Abuse Prevention Specialist Training curriculum, and co-authored the textbook, Substance Abuse Prevention: The Intersection of Science and Practice. She currently works with states and communities across the nation to bridge the gap between research and practice, assisting prevention professionals in maximizing their effectiveness.

## Participant Commitments and Expectations

- **View a 20-minute video** on how to maximize the video conferencing platform and complete the Session 1 prep packet prior to the first session on Wednesday, May 12, 2021
- **Attend** each of the seven (1.5 hour) sessions in series
- **Complete** up to an hour of independent learning activities between each session
- **Use a web-camera** and have the appropriate technology to join the online videoconferencing platform (i.e., internet connection, built-in or USB webcam, laptop/tablet, built-in/USB/Bluetooth speakers & microphone)
- **Actively engage** and be on camera 90% of the time during each session since this is not a webinar series, and active participation is essential to gain/improve skills.

## Continuing Education

Participants who complete all 7 sessions will receive a certificate of attendance for 16 contact hours. No partial credit is given for this course if participants miss more than one session. Participants will need to confirm with their certification board to determine if these certification hours are accepted towards their specific certification requirements.
