

# YEAR IN REVIEW

October 1, 2020 - September 30, 2021

## National American Indian and Alaska Native Prevention Technology Transfer Center

The National American Indian & Alaska Native Prevention Technology Transfer Center (NAIAN-PTTC) aims to provide training and technical assistance services to the substance abuse prevention field including professionals, para-professionals, organizations and others in the prevention community focused on American Indian and Alaska Native (AI/AN) communities.

### A LOOK AT 2021

Number of events: **72**

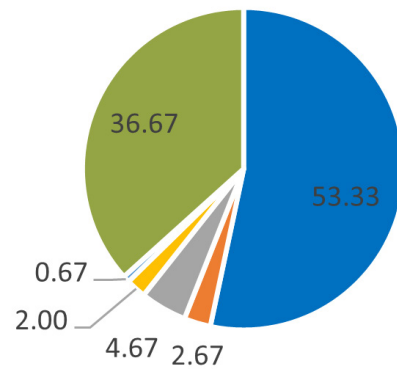

Number of participants: **2169**

Would recommend to a colleague: **98%**

### Participants by Race/Ethnicity

\*by percent

- American Indian/Alaska Native
- Asian
- Black
- Hispanic/Latino
- Native Hawaiian/Pacific Islander
- White

\*information on this Year in Review comes from our post-event follow up responses. We have a response rate of 42%

### COVID's Continuing Impact

The continuing COVID-19 pandemic precluded nearly all in-person events for fiscal 2021. Even as some communities were able to loosen public health restrictions as both case numbers and hospitalization rates declined, tribal communities often experienced opposite trends. We continued offering our programs virtually, greatly increasing both the number of events we offered and the number of people who could attend our events. Though we are looking forward to resuming in-person events, online events are undoubtedly more convenient and cost-effective for many of our participants.

## Notable Programs & Projects:

### Key Activities:

- ◇ Leadership Academy
- ◇ Native American Substance Abuse Prevention Skills Training
- ◇ Developing Health Promotion Campaigns Intensive Technical Assistance
- ◇ Leadership Development in Native Youth
- ◇ What LGBTQIA2S+ BIPOC Want Prevention Professionals to Know

### Webinars:

- ◇ Connecting Prevention Specialist to Native Communities
- ◇ Culture as a Healing Tool
- ◇ Families and Relationships

### Curriculum:

- ◇ Presentation Development and Design Training
- ◇ Screening Brief Intervention and Referral to Treatment (SBIRT) Technical Assistance for Providers in Native American Communities
- ◇ Let's Connect training
- ◇ Honoring Children, Mending the Circle: Cultural Adaptation of Trauma-Focused Cognitive-Behavioral Therapy for American Indian and Alaska Native Children

## Products & Resources

## Feedback

- ◇ "I enjoyed learning about what other cultures do in their own communities to bring the community together. Bringing culture back and keeping it alive."
- ◇ "I enjoyed listening and learning about things that are outside of my everyday trainings but about community members I serve daily."
- ◇ "I appreciated the endorsements of both Traditional and Western modes of healing, and especially the story of healing through EMDR. It's encouraging me to get the training."
- ◇ "I enjoyed the discussion around Native American Stigma and Behavioral Health System."
