

Northeast & Caribbean (HHS Region 2)

PTTC

Prevention Technology Transfer Center Network

Funded by Substance Abuse and Mental Health Services Administration

The HHS Region 2 Northeast and Caribbean Prevention Technology Transfer Center presents:

Cannabis: New Conversations for Changing Times. Responding to a Changing Landscape with Prevention Strategies

Webinar: Friday, May 20, 2024
1:00 PM – 3:00 PM (EST)

During this training preventionists will be called to shift their approach in response to the changing cannabis policy and industry landscape. Cannabis marketing trends have moved far beyond selling a “high” to promoting a lifestyle. The times have changed, and so must our conversations in the community.

This session will highlight prevention strategies applicable to a variety of HHS Region 2 regulatory frameworks and help to build confidence and skills for more effective conversations about cannabis.

Learning Objectives

After the session participants will be able to:

- Describe the current cannabis landscape and industry marketing trends.
- Identify prevention strategies for a variety of cannabis regulatory frameworks.
- Formulate messages that resonate with a range of audiences.
- Formulate content from available tools and resources for the prevention field.
